CPR-8a. I am going to read a list of people who might seek the Republican nomination for President in 2008, and I will read the list twice.
 I would like you to tell me who would be your FIRST CHOICE for the nomination?

NOTE: Combined data from February and April polls understates Fred Thompson's vote total, because he was not included in the February ballot.

CPR-8a. I am going to read a list of people who might seek the Republican nomination for President in 2008, and I will read the list twice.
I would like you to tell me who would be your FIRST CHOICE for the nomination?

NOTE: Combined data from February and April polls understates Fred Thompson's vote total, because he was not included in the February ballot.
